There is a provincial election on April 4th, 2016 – and we need to elect a worker- and community-friendly government that cares about our issues. **So, we need to organize.**

Register at bit.ly/procomschool2016. In this training you will learn about on-the-ground organizing, cutting-edge communication strategies, and volunteer recruitment. Project: Community School will teach you how to talk to voters, canvass effectively, and win campaigns. Each training is 9AM to 4:30PM.
